Become a trainer for Project Learning Tree's *Environmental Experiences for Early Childhood* and Project WILD's *Growing up WILD*. These two fabulous curriculums use best practices in early childhood education to get young children exploring their natural world. The guides contain 38 nature based themes complete with background information, outdoor activities, ideas for healthy snacks, math, art, songs, literature, and more. Join us for a fun day and be ready to share these resources with other early childhood educators.
